Red Nails

Conan the Cimmerian pursues the beautiful and deadly pirate Valeria after she kills a Stygian only to find himself cornered by a dragon. Apparently this dragon doesn't know who he's messing with. The pair then encounters the city of Xuchotl with its warring factions and ancient secrets. Swordplay and sorcery ensue.

Red Nails is Howard's final Conan story and was published in the July, August, September and October 1936 issues of *Weird Tales* magazine (Summary by Gregg Margarite)
